4. Time Factors

- a. Games will be 7 innings or 1 hour, whichever comes first.
- b. A new inning will not start after 50 minutes from scheduled start time.
- c. No more than 10 runs may be scored in a single inning.
- d. A 10-or-more run lead after 5 innings will enact the mercy rule, at which time the game will end.
- e. In the regular season, there will be no extra innings. Ties are in effect.
- f. During playoffs, extra innings will be played, as needed, until a winner is determined.

5. Playing Field

- a. The sidelines are lines 10 feet on the outside of and parallel to the foul lines, the area between the foul lines and the sidelines is the sideline area.
- b. When available, cones are placed on the foul lines 30 feet or about 10 paces behind first and third base; and on the sidelines 10 feet from home plate

- c. The kicking box is a rectangle with the front of the box aligned with the front of home plate and the back of the box aligned with the sideline cones behind home plate. Lines extending forward from the sideline cones perpendicular to the front of home plate make up the sides of the kicking box. The area directly forward the kicking box is fair territory. The kicker is not required to start in the kicking box, however the kick must occur within the kicking box. Any kick not occurring within the kicking box is an automatic out.
- d. The strike zone is an imaginary box in the shape of home plate, extending one foot beyond the plate at all sides, except the front. All strike calls will be made at the umpire's discretion and are not to be disputed by any member of any team. The strike zone is also one foot in height and may not be marked by cones or other raised objects.

6. Gameplay Factors

- a. Pegging is allowed, however "head hunting" is absolutely off limits. If a runner gets hit in the head on purpose (at the Umpire's discretion), they will not be called out.
- b. Any ball that a defensive player throws that leaves the field of play (at the Umpire's discretion) will result in a dead ball and each runner will advance 1 base.
 - i. If a ball that a defensive player throws hits a runner and then leaves the field of play (at the Umpire's discretion), will result in a dead ball and runners WILL NOT advance 1 base.
- c. The infield fly rule is in effect.
- d. Three (3) females must be on the field for each team at all times.
- e. Less than three (3) females will result in one (1) out each time that team goes through their batting lineup (up to 18 people).
- f. Substitutions may be made during the game, as long as the substitutions do not violate the above stated female rules.
- g. If a captain does not wish to have all players in their batting lineup at the start of the game, they will automatically be playing by the substitution method. This method includes only the field position players in the lineup (up to 11 people). Once a field position player is taken out of their position, they may not re-enter the game, whether it is the batting lineup or a field position. The full roster method is when a captain wants to include all players in their batting lineup (up to 18 people) even if they are not playing a field position. If a field player is taken out of the field using the full roster method, they may not re-enter the field as a field position player, but they may remain in the batting lineup. The method will be determined by the start of the game and will not be allowed to change during the game, but the next game that the team plays may be the other method. Whichever method that is chosen must comply with all other rules (i.e. number of females, etc).
- h. Pinch-Running is not allowed. If a player must be removed due to injury, that player is not allowed to return to play for the remainder of the game.
- i. Team captains must notify the umpire when a substitution is made.

- j. Teams may arrange up to 11 players in any defensive configuration but must include a pitcher and a catcher at any time. The minimum amount of players needed to play without forfeit is 8.
- k. Each team captain must hold onto a lineup card that umpires can reference before and at any point during the game.
- l. Each team captain must provide a lineup card to the opposing team's captain and notify them of a substitution if using the substitution method.
- m. Batting out of the order that is written on the lineup card given to the umpire and opposing team will result in one (1) out every time it occurs.
- n. A claim of improper kicking order must be made to the umpire who will make the final determination. Such claim must be made on the field no sooner than the first pitch thrown to the accused "wrong" kicker and no later than the first pitch thrown to the subsequent kicker.
- o. Prior to the kick, no participants may be in the sideline area except for the kicker, the catcher, umpires and designated base coaches. After the kick, fielders and base runners in the process of playing the game may also occupy the sideline area. The first infraction of this rule will result in a warning to the team that caused the infraction. The second and each subsequent infraction will result in an out for the next kicker in the written kicking order on the team that caused the infraction.
- p. Two members of the team at kick may coach first and third base, switching as needed with other team members to remain in the proper written kicking order. Base coaches may not physically assist runners while the ball is in play; any base coach physically assisting runners will cause an automatic out to the player who is being physically assisted.
- q. If the home team already leads the game when the bottom of the final inning is reached, that team wins the game instantly and the game is over. If the home team takes the lead during the bottom of the final inning, that team wins instantly and the game is over.
- r. A game that is called off by the umpire after five full innings of play shall be considered a regulation game. The game score at the end of the last full inning shall determine the winner. Regulation games called off that end in a tie shall be marked as a tie. A game that is called off by the umpire for any reason before five full innings of play shall not be considered a regulation game and a new game may be rescheduled upon review by the commissioner.
- s. Proper field position must be maintained by all fielders while a pitch is in progress, and until the pitched ball reaches the kicker; running to a new position on the field during a pitch is not allowed. Failure to be properly positioned will result in a position warning to the team that caused the infraction. The team's second and each subsequent position infraction by that team that game will result in the kicker being awarded first base regardless of the outcome of the kick. Proper field position is:
 - i. All fielders besides the catcher must remain in fair territory.
 - ii. Teams are not required to have all players inline with the 1st and 3rd base diagonal but no player shall obstruct the ability of the kicker or pitcher.

- iii. The pitcher must start the act of pitching with at least one foot on or directly behind the pitching strip when releasing the ball.
- iv. The catcher must be positioned within or directly behind the kicking box and behind the horizontal plane of the kicker, parallel to the front edge of home plate. The catcher may not make contact with the kicker, nor position so closely to the kicker as to restrict the kicking motion.
- t. Any kicked ball (fair or foul) that is caught by a fielder is called an out. Any part of the ball may incidentally touch the ground during the act of catching and still be ruled an out if the fielder first displays full control of the ball and maintains control after touching the ground.

7. Pitching

- a. Balls must be pitched by hand. There are no restrictions on pitching style.
- b. Balls cannot be bounced but must be rolled at an acceptable pace.
- c. Pitch movement will be determined acceptable at the discretion of the umpire.
- d. The pitcher must pitch a ball into the strike zone at least once and up to 3 times to give the kicker up to 3 opportunities to kick a fair ball. If the pitch is not within the strike zone, another pitch will be delivered.
- e. If more than 4 bad pitches or bounces occur consecutively, then the kicker will be awarded first base.
- f. Intentional walks are not allowed. The pitcher must pitch the ball to the kicker.

8. Kicking

- a. Each kicker gets up to 3 opportunities to kick a fair ball. If a player either does not kick one of the 3 pitches that is within the strike zone or fails to kick a fair ball, they will be called out.
- b. If more than 4 bad pitches or bounces occur consecutively, then the kicker will be awarded first base.
- c. A kick made on or above the knee or a ball that is touched more than once or stopped in the kicking box by the kicker will be called foul.
- d. The kicker must make contact with the ball within the kicking box. Any kicker who makes contact with the ball outside of the kicking box will automatically be called out, and runners will not advance.
- e. Each team will be limited to two (2) bunts per inning. A kick being determined a bunt is at the discretion of the umpire. If a bunt goes foul, it does not count as a bunt. A fouled bunt that was pitched in the strike zone will result as a strike. If there are already 2 strikes and a ball that is pitched in the strike zone is bunted foul, the kicker is out. If a bunt results in an out,

- this bunt counts towards the 2 bunts per inning per team limit. If a team should bunt over the limit (2 bunts per inning per team), this will result in an out.
- f. When a player kicks for the first time, their position in the lineup for the remainder of the game is established. There is no kicking out of order.
 - g. Kicking out of order will result in an automatic out and base runners must return to their positions prior to the illegal kicker.
 - h. If a player has to exit the game for any reason, they may not return to the game – either kicking lineup or field position.
 - i. All kicks must be made by foot or leg, below the knee. Any ball touched by the foot or leg below the knee is a kick.
 - j. The kicker may step on home plate to kick, however no part of the planted foot may be in front of or cross the front edge of the home plate.
 - k. The kicker must have at least a portion of the plate foot within the kicking box during the kick.
 - l. When a kicker intentionally touches a kicked ball to render it foul will be called interference. This interference causes the play to end, the kicker to be out, and any runners shall return to the base from which they came.
 - m. Injured players who do not kick shall not play in the game. If the injured player is female and causes the team to be short the required number of female players, their position in the batting lineup will be ruled an out every time it occurs and the team must play with 10 players in the field.
 - n. Only runners who are injured while traveling to a base, and who successfully make it to a base may be substituted during an inning. There are no other allowable runner substitutions. The runner who is taken out of the game may not return to the game.

9. Running and Scoring

- a. Any runner outside the baseline is out, upon the discretion of the umpire.
- b. When attempting to avoid a ball tag, runners may move no more than 4 feet out of their established path.
- c. Fielders must stay out of the baseline. Fielders trying to make an out on base may have their foot on base, but must lean out of the baseline. Runners hindered by any fielder within the baseline, not making an active play for the ball, shall be safe at the base to which they were running.
- d. There is no leading or base stealing. Runners may only leave a base once the ball has been kicked. A runner off base when the ball is kicked is out.
- e. A tag-up is a requirement to retouch or stay on a base until a kicked then caught ball is first touched by a fielder. After a tag-up a runner may advance.

- f. All ties will go to the runner. Runners traveling from home plate may overrun first base, and may only be tagged out if actively attempting to advance to second base.
- g. A runner may advance only one base beyond the base the runner is on or at least halfway running towards when the ball is deemed a dead ball by the umpire.
- h. If any fielder attempts to make an out prior to returning the ball to the pitcher, runners may commence base running. Once the pitcher has possession of the ball within the pitching area, the play is over.
- i. Running past another runner is not allowed. The passing runner is out.
- j. A runner physically assisted by a team member during play is out.
- k. A runner touched by the ball or who touches the ball at any time while not on base while the ball is in play is out.
- l. A run scores when a runner touches home plate before the third out is made, except that no run can score when the third out is made during a force play situation, or when the kicker is put out before touching first base.
- m. When a base is displaced during play, any runner is safe while in contact with the base's original and correct location.
